pkelighting

Sunbelt Rentals is your partner in film and TV production. They can provide everything you need on set, on location, on time and on budget. From prep through to wrap. From custom-built studios, location support and powered access equipment through to cameras, lenses, lighting, grip and power.

They can work with you to design the perfect 360, sustainable solution – working with you in partnership to create social impact in your local communities, through environmental; skills, education and employment and social equality programmes as part of their added value service.

CAMERAS, GRIP & LIGHTING

LOCATION SERVICES

Buddha Group is a local supplier for all your location's equipment. Having worked with some of the biggest (and smallest) productions in the UK, they have a great understanding of just how to make customers lives easier.

They have the option for HVO or Regular Diesel in all kit, 100% Buddha kit (never sub-hired), 100% Buddha transport (they never use external transport) and all kit is less than 2 years old.

Project Manager assistance is always available FOC (site visits / installs etc - however big or small), they also provide an Account Manager for all jobs - with all Account Managers having industry experience.

They can supply everything from unit base kit (bowser, generators, lighting towers, waste removal) through to fencing, barriers, make-up stations, costume set ups, kwik up and so much more.

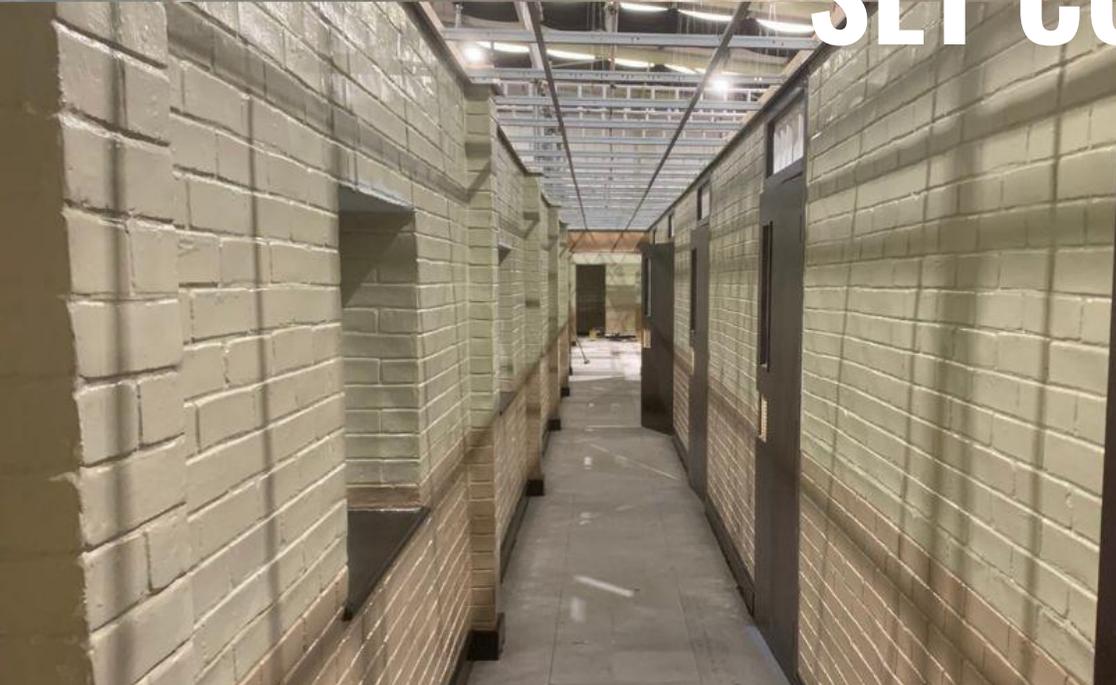

Supply 2 Location is the UK's leading supplier of Location Services & Logistics Support to the high-end film and TV production industry. The Group has recently expanded operations to meet the sector's considerable growth.

Over the last few years, the company has demonstrated its commitment in the North West and recently opened a Northern depot in Knowsley with over 4,000 sqft of space stocked with essential and specialist equipment for immediate Unit Base, Studio and Location deployment.

With over 13 years' business experience directly serving the Film and TV industry and an exemplary list of production credits, Supply 2 Location continues to lead the way in offering innovative, cost-effective flexible solutions, tailored to meet budget, time and location constraints. That service level and commitment has made us the first choice of many revered UK Location teams.
